FLORIDA PUBLIC UTILITIES COMPANY'S REQUEST FOR CONFIDENTIAL CLASSIFICATION

Florida Public Utilities Company ("FPUC" or "Company") by and through its undersigned counsel, pursuant to Section 366.093, Florida Statutes, and consistent with Rule 25-22.006(4), Florida Administrative Code, hereby submits its Request for Confidential Classification for information contained in Exhibit A (Transportation Services Agreement) to its Petition for Approval of Firm Transportation Service Agreement with Florida Public Utilities Company ("FPUC") for an extension and service in Nassau County in area of William Burgess Road. In support thereof, FPUC hereby states:

1. FPUC seeks confidential classification of the highlighted rates and terms in the Company's Exhibit A to the Firm Transportation Service Agreement, which represent contractual information that both Peninsula and FPUC treat as proprietary confidential business information consistent with the definition of that term in Section 366.093, Florida Statutes, as well as cost information that FPUC also considers proprietary confidential business information.
2. The information for which FPUC seeks confidential classification is information that the Company and Peninsula both treat as confidential, and that meets the definition of "proprietary confidential business information" as set forth in Section 366.093(3), Florida Statutes, which provides:

(3) Proprietary confidential business information means information, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company

as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public. Proprietary confidential business information includes, but is not limited to:

- (a) Trade secrets.
- (b) Internal auditing controls and reports of internal auditors.
- (c) Security measures, systems, or procedures.
- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.
- (f) Employee personnel information unrelated to compensation, duties, qualifications, or responsibilities.

3. Specifically, Peninsula seeks confidential classification of the highlighted information in Exhibit A to the Firm Transportation Service Agreement, at p. 8. The subject information is set forth and referenced as follows:

- Data associated with line identified as: "Total MDTQ (Dekatherms), page 8
- Data associated with and in the first line of section titled: "Monthly Reservation Charge", page 8

4. Included with this Request is a highlighted copy of the Exhibit A to the Firm Transportation Service Agreement reflecting the confidential information. Also enclosed are two redacted copies of Exhibit A.

5. FPUC asks that confidential classification be granted for a period of at least 18 months. Should the Commission determine that it no longer needs to retain the information, the Company respectfully requests that the confidential information be returned to the Company.

WHEREFORE, FPUC respectfully requests that the highlighted information contained in Exhibit A to the Firm Transportation Service Agreement be classified as “proprietary confidential business information,” and thus, exempt from Section 119.07, Florida Statutes.

RESPECTFULLY SUBMITTED this 30th day of September, 2014.
