**Subject:** HC Waterworks First Data Request - Docket No. 140158-WS

I would like to request an extension to provide the responses to Staff's First Data Request in Docket No. 140158-WS.

I have most of the data compiled and could send what I have, but we are still investigating the maps and that is taking longer than anticipated. Also, due to the discovery of an formula error in the MOR reporting spreadsheet, we will be revising the MORs for the test period to send into DEP. These revised reports will be submitted with the response to the Data Request. The spreadsheet was omitting a cell in its calculation.

I've been out of town most of this week and will be in Tallahassee next week for the Commission Agenda. I will not be able to all the information together and get it sent before the deadline in the letter of 11/26/14. Could I please request an extension through December 5, 2014?

Thanks

Troy Rendell
