STAFF'S SEVENTH DATA REQUEST
via e-mail

Re: Docket No. 140135-WS - Application for increase in water/wastewater rates in Pasco County by Labrador Utilities, Inc.

Dear Mr. Friedman:

By this letter, and after numerous communications, the Commission staff requests that Labrador Utilities, Inc. (Labrador) provide a response to the following data requests. When responding to the following requests, please refer to Labrador's letter dated February 19, 2015, concerning a pro forma expense program to televise and clean the gravity collection system every 10 years.

- 1) Is there a contract in place with American In-Line Inspection, Inc.? If so, please provide a copy of that contract.
- 2) Did the Utility bid out this inspection program? If so, please provide the bids.
- 3) How was the \$2.00 per linear foot derived?
- 4) Did Labrador do a cost benefit analysis comparing televising and cleaning the lines every 10 years versus televising and cleaning 10 percent of the lines annually? If so, provide the cost benefit analysis. If not, why not?
- 5) Are manhole and lift station inspections part of this inspection program? If not, are they included in another inspection program?

Please file the original and five copies of the requested information by Monday, March 23, 2015, with Carlotta Stauffer, Commission Clerk, Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida, 32399-0850. Please feel free to call me at (850) 413-6230 if you have any questions.

Sincerely,

/s/ Kyesha Mapp
