Good morning Rick, we have received updated information from Mr. Christopher Horner for the above Company, along with advising that the Company's name has changed to **Argos USA - Newberry Plant**. See below for your information. Know that the companies on the Gas Safety list can change their name without getting previous acknowledgement from the Commission. If order for me to update MCD, I will need to have your OK that this did occur. You may need to update your Gas Safety list also. Thank you for your help in this matter. Nonnye

The new plant name should be "Argos USA - Newberry Plant". The address below is correct except it should be "NW County Road 235"

Mr. Horner, appreciate the quick response advising that Mr. Klinepeter is no longer there and will update our records with Mr. Heaton's name. I need to ask, since you say that the Newberry's plant has been acquired by Argos USA, has the Company's name changed from what we have listed above, if so we will need to have the new name. Also, could you confirm that the mailing address that we current have is still correct,

c/o Thompson S. Baker Cement Plant
4000 N.W. County Road 225

Typo error should be 235, MCD was correct

Newberry, FL 32669-2380

If this has changed we need to have the current address so that we can update our records. Again, thank you for your help. Nonnye

Mark Klinepeter is no longer with the company. Our plant in Newberry has been acquired by Argos USA from Vulcan Materials. Our (Argos) Safety Director is Michael Heaton. His email is MHeaton@argos-us.com. His phone # is 678-392-2139 ext. 7052.
