Subject: Florida Power & Light Serving the entire Town of Indian River Shores

Commissioners:

I am totally in support of Florida Power & Light's willingness and ability to serve **all** residents of Indian River Shores. It is my understanding that Florida Power & Light has made a significant initial cash offer to purchase the utility system in our Town.

This constitutional issue before the PSC is a real issue that is harming the people in our community. Vero Beach is operating an unregulated monopoly in our Town, under the pretense of a territorial agreement. The last time the PSC reviewed that territorial agreement was over 28 years ago.

Our residents have no say in how rates are set or how Vero Beach uses the unregulated profits that it extracts from us. We are forced to subsidize the operations of a City that is unaccountable to our residents

Having Florida Power & Light, whose rates are professionally and neutrally regulated by the PSC, as the single electric utility provider in our Town would cure these issues.

I feel very strongly about this, and respectfully request the assistance of all Commissioners to resolve the issue..

Sincerely,

Carol E. Newman
