Subject: Vero Beach Electric Utility/Indian River Shores, FL

Commissioners: I would like to voice my concern with having Vero Beach holding Indian River Shores hostage as to it's electrical service. It is very apparent that the citizens of IRS are paying 30% or more for electric then is available from Florida Light and Power.

We need you to step up and end this situation. It is very apparent that Vero is solely doing this to plug the hole in their own budget. Better leadership in Vero could sole that problem. Agreeing to allow this to continue makes you complicit in encouraging Vero to continue to spend more then they can raise from their other income sources.

Would you please add my name to your list of interested parties and forward all material on Docket Number 160049. Please add me to your mailing list.

Please let us separate and join with Florida Power and let us have a 30% reduction in our electric costs. Thanks, James R Poole
