Hello,

I am FPL customer number 55668-68567. I heard there is going to be a rate increase that will be to strengthen your infrastructure & therefore dependency on the oil & natural gas/fracking industry.

I am against that action. Only if FPL was investing in renewable resources and opening the infrastructure to include private residences as valuable contributors to harnessing energy would I be willing to pay an increase in rate.

Thank you.
