CONSUMER COMMENTS

I wish to express my opposition to the FPL rate hike relating to Docket number referenced above, along with the numerous individuals who stated their opposition at the June 30, 2016 hearing in Pembroke Pines.

At the hearing I learned of FPL's wants and needs. There is a difference between attaining healthy profits and goals and price gouging of customers who have no alternatives when it comes to purchasing electric power. Please register my opposition as a concerned resident AND a 45-year FPL customer. It would seem that FPL has other earnings options - - whether to take a 10% profit or a higher one wherein rates would need to be raised. Where are my other options as a consumer?
