Good morning Mr. Sherwood,

We will be placing your comments below in consumer correspondence in Docket No. 160021-E1 and forwarding your comments to the Office of Consumer Assistance and Outreach.

Sincerely,

Sandra Soto
Commission Deputy Clerk I
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, FL 32399
(850) 413-6010

Re: FPL requested rate increase
Docket number 160021-E1

Sirs:

FPL should NOT be granted any rate increase for the following reasons:

1. They are already making a healthy profit
2. They squander millions on 'Feel Good' advertising even though this could in no way increase their customer base or profits
3. In fact their rates should be REDUCED by any amount spent on advertising - they are a monopoly, advertising is pointless
4. Very poor service quality; I can not remember a week without a surge and/or black

out for many years. I lived in third world countries with more dependable electricity than FPL

5. Incredibly unsound business *decisions*: they continue to invest in above ground infrastructure even in urban areas. Do your homework and add up the storm repair costs (including 3rd party and societal costs) as opposed to underground infrastructure.
6. MOST IMPORTANTLY: the PSC is a state "Regulatory" agency; your one and only client is the People of Florida! You are NOT chartered to be the shill of FPL

Thank you for your consideration,
Reuel Sherwood
