To Whom it Concerns;

Why would you raise the rates for FPL when most of this increase is going to investors. There are numerous people in this state that are retired and on fixed income. We move here because we love the weather, ocean and scenery and it is a decent place to live.

However, you are raising rates, taxes and other benefits just like the northern states and soon it will be not so desirable. Please reconsider these rate hikes.

Sincerely,

Douglas Eader
