How many name Robbie Baker it has gotten so difficult for us to afford our electrical bill it seems every time we look there's a spike in the bill we have to ask for extension on a monthly basis and they're not even feasible they break it down into two payments and on top of that is requested an additional \$60 deposit so now I'm caught between the choice have the lights on or food in the fridge sadly to say her choice to keep the lights there should be something that you guys can do to help families like me that are struggling every month to pay their bills
