Subject: FW: Against FPL Rate Hike Proposal.

Thank you for contacting the Florida Public Service Commission (PSC) about Florida Power & Light Company's (FPL) rate petition. To give Commissioners and staff an opportunity to review your comments, your correspondence is included in the file for Docket No.160021-EI.

As you know, the PSC customer service hearings were held in June in FPL's service territory for Commissioners to hear directly from customers about the utility's rate request and service. All customer comments during the hearings and all correspondence will be reviewed and considered when PSC staff prepares its recommendation to the Commissioners on FPL's proposed rates.

The PSC's evidentiary hearing on FPL's rate case will be in Tallahassee. Witnesses from the utility, intervenors, Commission staff, and the Public Counsel, who represents customers, will present testimony and exhibits and be cross-examined by the Commissioners and other parties. Commissioners will examine FPL's need for a rate increase, its existing and proposed rate structure, and its ability to provide safe and reliable service.

Commissioners are charged with making sure that Florida's utility companies fulfill their service obligation. The PSC will ensure that final customer rates reflect only those costs that are prudent and necessary for FPL to deliver quality electric service to your home or business. Any proposed rate adjustment is requested to begin in January 2017.

If you have additional questions or need further assistance, please call 1-800-342-3552. If you want updated case information, visit the PSC's website, www.floridapsc.com and click on the Clerk's Office tab, then hit Dockets and type in case number 160021.

Sincerely,

Bev DeMello

Subject: Against FPL Rate Hike Proposal.

Importance: High

My name is Mr. Lyndon Robinson residing at **14864 SW 140 Street, Miami Florida, 33196**. In response to the FPL rate hike proposal, which **I am opposed to**; the proposed increase is viewed as lacking positive moral elements and has with it unethical undertones which will have a direct negative impact for the common persons who are living on a fixed budget with daily increases in medication, food and other necessities to sustain living. This proposed increase will not improve or sustain one's way of life, but it certain to degrade it! I am asking that FPL to withdraw its proposal for rate increase in the best interest of the customer whom they serve. FPL, you must be cognizant of the fact that the **customers are your biggest stakeholders** and serious consideration about doing the **right thing, for the right reasons, for the right cause and the right time is paramount**, and that this will display the culture and character of your organization. I am hopeful that this plea and others will alter your course in this matter. I thank you.

Sincerely,
Mr. Lyndon D. Robinson.
