Subject: FP&L RATE INCREASE

I find it quite selfish for FP&L to ask for a rate increase. My question is, what consideration is being giving to the senior citizens who are on a fixed income? Our income is already stretched to the maximum, and if our bills are not paid on time, FP&L has no problem turning the power off.

Our homes are in lack of repairs and our lawns are not representative to the community.

It is too costly to convert to the energy saving unit and to properly seal our homes in order for our monthly electric bills to be lower.

The System advertises that there is money for seniors, but when we apply for the assistance, we are told we do not qualify because our income is too much.

WE ARE LAW ABIDING CITIZENS IN OUR 70'S, WHO HAVE BEEN AND YET ARE AN ASSET IN THE COMMUNITY, DON'T DESERVE TO LIVE IN POVERTY.
