Good afternoon Mr. Guffey,

The City of Bartow and Duke Energy Florida, LLC's submit the Joint Response to the supplemental questions below as follows:

Will there be any formal compensation from Bartow to DEF for use of DEF's facilities to serve the two transferred customers?

What will happen to the DEF facilities that are being used now to serve the two customers after they are transferred to Bartow?

### **Response**

Bartow will not be using DEF's facilities to serve these two customers. DEF will remove its facilities after the transfer and either retire or re-use the facilities, if possible. Therefore, there is no need for formal compensation from Bartow to DEF.

Thank you,

**Monique West, FRP**

To all -

Could you please let me know if there will be any formal compensation from Bartow to DEF for use of DEF's facilities to serve the two transferred customers

(since the parties do not plan to exchange or purchase facilities at this time per the data request response). Stated differently, what will happen to the DEF facilities that are being used now to serve the two customers after they are transferred to Bartow.

Thanks

Sevini
