In re: Nuclear cost recovery clause.

DOCKET NO. 160009-EI
ORDER NO. PSC-16-0313-CFO-EI
ISSUED: August 4, 2016

ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S FIRST REQUEST FOR
EXTENSION OF CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 03163-14)

On December 18, 2015, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, LLC (DEF) filed its First Request for Extension of Confidential Classification (Request) for portions of the information provided in response to Citizens' First Set of Interrogatories (Nos. 1-33), specifically Nos. 2, 3, 4, 11, 13, and 14 (Document No. 03163-14). This Request was filed in Docket No. 150009-EI.

Request for Confidential Classification

On June 20, 2014, DEF filed a request for confidential classification of portions of the information provided in response to Citizens' First Set of Interrogatories (Nos. 1-33), specifically Nos. 2, 3, 4, 11, 13, and 14 (Document No. 03163-14). That request was granted by Order No. PSC-14-0344-CFO-EI, issued July 7, 2014.

In its instant Request, DEF contends that the information provided in Document No. 03163-14, that was the subject of Order No. PSC-14-0344-CFO-EI, constitutes proprietary confidential business information entitled to continued protection under Section 366.093, F.S. and Rule 25-22.006, F.A.C. DEF states that this information is intended to be and continues to be treated by DEF as private and has not been publicly disclosed.

DEF's Request incorporates by reference Exhibits A, B, and C of its June 20, 2014 request. Also included within DEF's Request is Revised Exhibit D, containing the affidavit of Christopher M. Fallon in support of DEF's Request.

DEF further asserts that the period of confidential treatment of the above-numbered document was set to expire on January 7, 2016. DEF contends that the information deemed confidential warrants continued treatment as proprietary and confidential business information within the meaning of Section 366.093(3), F.S. DEF asserts that nothing has changed since the filing of the original request to render the information stale or public, such that continued confidential treatment would not be appropriate.

Ruling

Section 366.093(1), F.S., provides that records that the Commission has found to contain proprietary confidential business information shall be kept confidential and shall be exempt from

Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by DEF as private, in that disclosure of the information would cause harm to DEF's ratepayers or business operations, and that has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides, in pertinent part, that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for continued classification as proprietary confidential business information. The information described above appears to be: information concerning bids or other contractual data, the disclosure of which would impair the efforts of DEF or its affiliates to contract for goods or services on favorable terms; and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 03163-14 shall be granted a continuation of confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Art Graham, as Prehearing Officer, that Duke Energy Florida, LLC's First Request for Extension of Confidential Classification is granted. It is further

ORDERED that the information contained in Document No. 03163-14, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Art Graham, as Prehearing Officer, this 4th day
of August, 2016.
