In re: Nuclear cost recovery clause.

DOCKET NO. 160009-EI  
ORDER NO. PSC-16-0315-CFO-EI  
ISSUED: August 4, 2016

ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S REQUEST FOR EXTENSION OF  
INFORMATION WITHIN AUDIT REPORT NO. 08-087-2-1 (DOCUMENT NO. 06955-08  
x. ref DNs 06453-08 and 06454-08)

On November 02, 2015, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, LLC (DEF) filed its Request for Extension of Confidential Classification (request) of information within Audit No. 08-087-2-1 (audit report) (Document No. 06955-08). This Request was filed in Docket No. 150009-EI.

Request for Confidential Classification

DEF's original request for confidential treatment of information within Audit Report No. 08-087-2-1 was granted by Order No. PSC-14-0201-CFO-EI, issued May 2, 2014. DEF contends that designated portions of the audit report constitute proprietary confidential business information entitled to continued protection under Section 366.093(3), F.S., and Rule 25-22.006, F.A.C. DEF avows that this information is intended to be and continues to be treated by DEF as private and has not been publicly disclosed.

DEF asserts that the information that was the subject of Order No. PSC-14-0201-CFO-EI warrants continued treatment as proprietary and confidential business information. DEF's request incorporates by reference and adopts the arguments propounded in its original request. DEF contends that the audit report contains information related to land acquisition costs for the Levy Nuclear sites which were purchased pursuant to contracts that contain confidentiality provisions. DEF asserts that included within these contracts were provisions whereby DEF agreed to protect proprietary and confidential information, including the price, from public disclosure. DEF argues that that this information is entitled to continued protection under Section 366.093(3)(d) and (e), F.S., because public disclosure would violate nondisclosure provisions of DEF's contracts with certain vendors, and would adversely impact DEF's competitive business interests.

Ruling

Section 366.093(1), F.S., provides that records that the Florida Public Service Commission (Commission) has found to contain proprietary confidential business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by DEF as private, and that disclosure of the information would cause harm to DEF's

ratepayers or business operations, and that has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides, in pertinent part, that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for continued classification as proprietary confidential business information. The information described above appears to be information concerning bids or other contractual data, the disclosure of which would impair the efforts of DEF or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 06955-08 shall be granted a continuation of confidential classification.

DEF initially stated that the information would continue to be confidential beyond the next 18 months, and requested that confidential treatment be extended for a period of not less than five years. However, pursuant to correspondence dated April 7, 2016, DEF asserted that a confidential period of 18 months would be sufficient. Therefore, pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Art Graham, as Prehearing Officer, that Duke Energy Florida, LLC's Request for Extension of Confidential Classification of Document No. 06955-08 is granted. It is further

ORDERED that the information contained in Document No. 06955-08 for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Art Graham, as Prehearing Officer, this 4th day  
of August, 2016.
