Re: FPL Rate Increase
Docket # 160021-E1

Dear Ms. Stauffer:

Are you like the rest of the Floridian's who have no choices when it comes to purchasing electricity for their homes and small businesses? Are you sick and tired of all the corporate greed? Will you make a difference in our quality of life?

All you have to do is say "NO" to the rate increase requested by FPL.

At a time when Floridians are still struggling to get out of the mortgage crisis, we need someone to stand up for us, the citizens.

FPL is already set to make a \$1,600,000,000 (1.6 billion-dollar) profit in 2017, so the requested rate increase is only meant to fill their greedy pockets, not to benefit the citizens they service.

We are purchasing our home (our only home) and live on a fixed income; and, honestly, can't afford a rate increase. We sincerely request you deny FPL's request for a rate increase.

Respectfully,

Gary & Brenda Weaver
