**Subject:** FPL RATE

Dear Sirs:

We as Florida residents know the job this company does in time of need. They have been excellent in response for major occurrences .

At this time we also have to consider creating precedent of letting the company increase rates without detailing costs. The state Utility commission should also consider setting fair and reasonable rate hikes according to cost.

Many other states already do this.

Please deny the rate increase at this time until a complete review of procedures and rules can be adopted to monitor and approve such hikes.

Regards,

Anthony Zangoglia
