Subject: FPL Rate Hike

I am shocked to hear about FPL's rate hike. It's not serving the public as they promise. It's just for profits and we all know that. Who do they think they are fooling. Why don't they just fix the issue of power surges that are destroying equipment in our homes and forget they pockets. Think of the people you serve and the hike's effect on their pockets, especially those who have a hard time making existing payments.
