Subject: From AARP re: FPL increasing their rates

Dear Sir/Madam:

It is an outrage to hear about FPL wanting to increase their rates in Florida's residents. Cost of life, housing, medicine has already increased tremendously past few years, salaries and social security has not! people cannot afford medical treatment, medicine and/or food, nor decent housing. People certainly don't need extra burden in their lives.

Please reconsider and don't let more crucial additional costs on most people who live here in Florida.

Best Regards,
