Re: Docket# 160021-E1

*“When you're considering this rate increase in order to generate higher profits for FP&L, please keep in mind that those profits come at our expense, and that includes the senior community, many of whom are having a very hard time of it.” Looking at this rate increase, I see \$960 million going to investors pockets, none of those funds going to service enhancements, disaster preparedness, or energy innovation!*

*Sincerely,*

*Martin Rosen FP&L Customer
