COMMISSION
CLERK

My husband and I live in Mainland 6
Complex since the '2000, we are both
retired & are very concerned about
FPL's 23% base rate increase
for residential ratepayers. This increase
only benefits the shareholder profit of
11.5 to 12.5%.

This increase will only be a hindrance
to our pocketbooks & for retired seniors,
more of a ^{continuing} financial burden.
Sincerely,
Bernadette Moulli
