Subject: FPL Increase Docket # 160021-E1

I do not feel that Florida Power and Light need a 23% increase, as these profits are destined to go to their corporate executives and shareholders. We do not have a choice in whom provides us with electricity. FPL provides their service to a large number of seniors who are already having trouble living on a fixed income. They certainly are unlikely to get a raise in their income to help support this large, already profitable business.

Please do not allow them this increase. Docket # 160021-E1
