Mr. & Mrs. William Stutt
Lavandre@aol.com

Dear Mr. & Mrs. Stutt:

This is in response to your E-mail to Chairman Julie Brown, Florida Public Service Commission (FPSC), regarding Indian River Shores. Given the nature of your concerns, Chairman Brown requested the specialized staff of the FPSC's Office of Consumer Assistance and Outreach respond directly to you.

You expressed a concern about the Town of Indian River Shores' petition for modification of territorial order based on changed legal circumstances emanating from Article VIII, Section 2(c) of the Florida Constitution. We will add your comments to the correspondence side of Docket No. 160049-EI.

If you have any questions or concerns please contact Ms. Ellen Plendl at 1-800-342-3552 or by fax at 1-800-511-0809.

Sincerely,

Randy Roland
Regulatory Program Administrator
Florida Public Service Commission

Subject: PSC HEARING ON SEPTEMBER 13, 2016

To Commissioners:

Julie Imanuel Brown
Ronald A. Brise
Lisa Polak Edgar
Art Graham
Jimmy Patronis

As residents of Indian River Shores, my husband and I are submitting the following request to all of you for change in territorial boundaries. The City of Vero Beach will no longer have The Town of Indian River Shores' consent to operate an unregulated monopoly within our Town when the Franchise Agreement expires. We join our fellow residents in asking that the PSC focus on this happening as a "changed legal circumstance," granting the Town of Indian River Shores'

request for a change to the territorial boundaries which have thus far permitted The City of Vero Beach to operate an unregulated monopoly in Indian River Shores.

The Following points should be noted and addressed at the upcoming September 13th PSC Hearing:

- Vero Beach is operating an unregulated monopoly in Indian River Shores, and is subjecting its "captive" customers in Indian River Shores to unregulated monopoly abuses, including excessive electricity prices (which are now over 30% higher than FPL's) and inferior quality of service (e.g., unlike FPL, the City does not offer rebates for energy efficient appliances nor does it offer smart meters that can lower electric bills). **Unregulated monopolies are not in the public interest.**
- Having FPL, whose rates are professionally and neutrally regulated by the PSC, as the single electric utility provider in Indian River Shores would cure these issues.
- Not only are Indian River Shores residents **"captive"** customers to the Vero Beach Electric Utility, they also are completely disenfranchised. Indian River Shores residents have no say whatsoever in how the Vero utility operates, how rates are set, or how the City of Vero Beach uses the unregulated profits that it extracts from us. This was exemplified by the City Council's cavalier rejection of its own **Utilities Commission's unanimous recommendation to accept FPL's \$30 million cash offer to purchase the utility system.** In addition to that rejection, Mayor Kramer and Councilman Winger **publicly ridiculed members of the Utilities Commission - a Commission**

appointed by the City Council to make recommendations regarding the electric utility.

- In the interim, Indian River Shores residents have been forced to subsidize the operations of a City that is unaccountable to them - The City of Vero Beach. **This is classic “taxation without representation.”**
- Our neighbors who are fortunate enough to be served by FPL are provided with a team of lawyers from the Office of Public Counsel -- funded entirely by the State of Florida -- whose sole charge is to protect FPL customers from excessive electric rates and poor quality of service. Unfortunately Indian River Shores residents are forced to take service from the Vero Beach utility and are precluded from using the State-funded legal services of the Office of Public Counsel. **Instead, we are left to fend for ourselves and are totally at the mercy of Vero Utilities - an unregulated monopoly.**

The predecessors to the current PSC created this debacle when they approved the Territorial Agreement over 28 years ago and the PSC has not reviewed that Territorial Agreement as it applies to Indian River Shores in over 28 years. **Now is the time for the current PSC to correct these injustices.**

Respectfully submitted by,

**Carolyn and William Stutt
455 Coconut Palm Road
Indian River Shores, FL 32963**

The current Vero Beach power arrangement is totally un American!!
Taxation without representation!

What happened to the history in Boston!!

Please bring some sense into a senseless arrangement going forward

Thank you.
David Law-Smith

Subject: Indian River Shores Electric Supply

Vero Beach supplies electric power to Indian River Shores. Vero Beach operates an unregulated utility. It sets excessively high rates to subsidize electricity for the City of Vero Beach. Having FPL supply our Town would reduce rates and improve reliability. This is a classic case of taxation without representation. Please redraw municipal boundaries so FPL serves Indian River Shores. Thank you Robert Dunlap

Being held “captive” by the City of Vero Beach is the purest form of “Extortion”. The service is mediocre at best and the citizens of IRC are forced to subsidize their extravagance . Its time to act!

Thank you for your time,
