Subject: ADDENDUM TO request for oral modification to Item 7, Docket No. 150269-WS

Staff is requesting to submit an addendum to its previously submitted oral modification to Item 7 scheduled for the September 13, 2016 Agenda Conference, (Docket No. 150269-WS, Application for limited proceeding water rate increase in Marion, Pasco, and Seminole Counties by Utilities, Inc. of Florida). Subsequent to submitting staff's requested oral modification to Item 7, staff identified an additional scrivener's error. The error is on page 12, in the last paragraph. In the paragraph, staff references Schedule Nos. 5 & 6; the reference should be Schedule No. 4. The paragraph in its entirety is shown below:

Staff recommends that the rate increase of 5.35 percent for Pasco County be applied as an across-the-board increase to existing service rates for the Orangewood and Summertree systems. The rates, as shown on Schedule No. 4, should be effective for service rendered on or after the stamped approval date on the tariff sheets pursuant to Rule 25-30.475(1), F.A.C. The Utility should file revised tariff sheets and a proposed customer notice to reflect the Commission-approved rates. In addition, the approved rates should not be implemented until the interconnection is in-service and staff has approved the proposed customer notice and the notice has been received by the customers. The Utility should provide proof of the date notice was given within 10 days of the date of the notice. The rates should be reduced as shown on Schedule **No. 4 Nos. 5 & 6**, to remove rate case expense grossed up for regulatory assessment fees and amortized over a 4-year period. The decrease in rates should become effective immediately following the expiration of the four-year rate case expense recovery period, pursuant to Section 367.0816, F.S.

Subject: request for oral modification to Item 7, Docket No. 150269-WS

Staff requests approval to make an oral modification to Item 7 scheduled for the September 13, 2016 Commission Conference (Docket No. 150269-WS, Application for limited proceeding water rate increase in Marion, Pasco, and Seminole Counties by Utilities, Inc. of Florida). Staff's proposed modification relates to three scrivener errors. Modifications are necessary to the Recommendation section on page 4, and Footnote 13, on page 6. The schedules attached to staff's recommendation do not require modification as the schedules contain the correct numbers.

Modification to the Recommendation section on page 4:

Issue 1:

Should the Utility's requested increase associated with the Pasco County Interconnect Phase II be approved?

Recommendation:

Yes, as modified by staff.

- The Commission should approve a water rate increase of ~~\$46,994~~ ~~\$46,944~~ (or 5.35 percent) for Pasco County Phase II.
- In addition, the estimated \$200,000 net cost to retire the abandoned wells should be reviewed in the forthcoming consolidated rate case in Docket No. ~~160101-WS~~. ~~160161-WS~~.

- Further, UIF should be directed to provide secondary water quality results for portions of its Summertree distribution system at least every six months. Samples should be taken from the same sites labeled “nearby system site” shown in Appendix A of the CPH Engineering Report for consistency purposes. Such results should be filed with the Commission for informational purposes. The first report should be filed no later than two months after the completion of the interconnection with Pasco County.
- Pursuant to Order No. PSC-14-0025-PAA-WS, the 100-basis point reduction in return on equity and water testing requirement should remain in place until the water quality is deemed satisfactory by the Commission. (Slemkewicz, Mtenga, Hudson)

Modification to Footnote 13 on page 6:

¹³ Document No. ~~07147-16~~ ~~07078-16~~, p.4
