In re: Nuclear cost recovery clause.

DOCKET NO. 160009-EI  
ORDER NO. PSC-16-0429-CFO-EI  
ISSUED: October 4, 2016

ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S SECOND REQUEST FOR  
CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 02527-16)

On April 27, 2016, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, LLC (DEF) filed a request for Confidential Classification (Request) of portions of the testimonies and exhibits filed as part of DEF's April 27, 2016 Actual/Estimated and Projected 2017 Costs (Projected Costs) (Document No. 02527-16). This Request was filed in Docket No. 160009-EI.

Request for Confidential Classification

DEF is seeking confidential classification of the following materials within its Projected Costs: portions of the testimony of DEF witness Thomas G. Foster and Exhibit No. TGF-3 as well as portions of the testimony of DEF witness Christopher M. Fallon. DEF asserts that this information is intended to be and is treated by DEF as private and has not been publicly disclosed.

DEF contends that portions of DEF witness Foster's testimony and exhibit contains confidential and sensitive contractual information and costs numbers regarding the Levy Nuclear Project (LNP), under the terms and conditions of the Engineering, Procurement, and Construction contract (EPC Agreement) with Westinghouse Electric Company and Stone & Webster, Inc., the disclosure of which would impair DEF's competitive business interests and ability to negotiate favorable contacts, as well as violate contractual nondisclosure provisions of the EPC Agreement. As a result, DEF argues that this information is protected pursuant to Section 366.093(3)(d) and (e).

DEF also asserts that DEF witness Fallon's testimony contains data that is competitively sensitive under the EPC Agreement and contains cost information related to the DEF's wind-down and ongoing disposition efforts for the LNP long lead equipment. DEF argues that public disclosure of this information would adversely impact its competitive business interests and should be protected pursuant to Section 366.093(3)(d) and (e).

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the

company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093, F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information appears to be information concerning bids or other contractual data, the disclosure of which would impair the efforts of DEF or its affiliates to contract for goods or services on favorable terms and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 02527-16 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Art Graham, as Prehearing Officer, that Duke Energy Florida, LLC's Request for Confidential Classification of Document No. 02527-16 is granted. It is further

ORDERED that the information in Document No. 02527-16, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of the issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Art Graham, as Prehearing Officer, this 4th day of October, 2016.
