

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Marcelle Crago

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 34231

Category : Power restoration time

Comments : Hi,

Thank you for taking public comment. I am very concerned how long it took to restore power in Sarasota (and other areas of Florida). For us, it was over 8 days. With having hurricanes and climate change, Florida needs a more resist and environmentally sensitive system. I am so surprised how little we use solar (less than NY!) when we can be a national leader in this industry. We can could even generate more than our needs. Please consider doing the right thing and build more solar in this state.

Sincerely,

Marcelle Crago
