SUBJECT: Docket #20200226-SU

To Whom It May Concern,

I am writing to you as a property owner at 301 South Gulf Blvd unit 423 Englewood Fl This is on Don Pedro Island , which is within the service area contained in the application from Environmental Utilities, LLC [EU] for central sewer. I object to EU's request for the bifurcation of the certificate and rate-making proceedings and I object to the granting of a temporary waiver of Rule 25-30.033(1)(p) and (q). Given the inadequate information regarding the applicant's financial strength and management experience as well as the costs to the stakeholders involved with this project, the applicant's request for a waiver should be denied.

As a stakeholder in the proposed service area, it is important to have all of the relevant information regarding the proposed central sewer, including the proposed rates, connection fees and the type of system intended for installation. I therefore request that EU's request for bifurcation and a temporary waiver be denied. I might be fore this once we have more information but we need to know before not after.

Yours truly,  
Richard H Cannon  
301 S Gulf Blvd unit 423  
Englewood Fl
