Subject: Docket #20200226-SU

To Whom It May Concern,

We have been property owners on Little Gasparilla Island for 40 years. On Tuesday, January 6 Environmental Utilities will request a bifurcation. We ask that Environmental Utilities, LLC (EU) request for bifurcation of the certificate and rate-making proceedings and a temporary waiver of Rule 25-30.033(1)(p) and (q) be denied. There should be a plan in place for the proposed monthly rates, connection fees and the type of system to be installed. Above all, there should be a pay over time plan in place as opposed to a lump sum. We are retired and would like to continue to keep and enjoy our 780 square foot cottage.

Respectfully yours,

Joe and Laurie Tremblay

8266 Little Gasparilla Island
