Subject: Docket #20200226-SU

To Whom It May Concern,

We are property owners on Little Gasparilla Island. We request that Environmental Utilities, LLC (EU) request for bifurcation of the certificate and rate-making proceedings and a temporary waiver of Rule 25-30.033(1)(p) and (q) be denied. There should be a plan in place for the proposed monthly rates, connection fees

and the type of system to be installed. Above all there should be a pay over time plan in place as opposed to a lump sum. Charlotte County generally spreads the cost over 20 years.

Respectfully,

Paul and Barbara Holmes
