**Subject:** Docket #20200226-SU

To Whom it May Concern,

I am writing to you as a property owner on Little Gasparilla Island, which is within the service area contained in the application from Environmental Utilities, LLC (EU) for central sewer. I object to the EU's request for the bifurcation of the certificate and rate-making proceedings and I object to the granting of a temporary waiver of Rule 25 - 30,033 (I) (P) and (q). Given the inadequate information regarding the applicant's financial strength and management experience as well as the costs to the stockholders involved with this project, the applicant's request for a waiver should be denied.

Thank you,  
Teisinger.

Charlotte
