RE: Company Response to staff's 4th data request. Docket # 20200168
for Mcleod Gardens Utilities

Dear Commission Clerk:

Please find company response to staff's 4th data request for the
above docket file.

On behalf of the company,

Mike Smallridge.

COMPANY RESPONSE TO STAFF'S 4th DATA REQUEST.

Please reference page 2 in Document No. 13003-2020, filed on November 30, 2020. In response to Staff's Second Data Request, you state "Utility personal [*sic*] will be doing the additional concrete work and I have estimated concrete costs to be \$1,500." Item 4 in the list of expenses is \$1,500 for concrete costs. Item 6 in the list is \$2,000 for "Utility Personal [*sic*] Labor & Misc. Materials (estimated)."

Company response: The estimated \$ 1, 500 is for the cost of the concrete.

The other estimated \$ 1,500 cost is for the materials needed to pour and finish the concrete such as form boards and screws, wire and plastic for the underlayment, the rental of concrete finishing tools, bolts and the metal plates to secure the generator to the new concrete pad and new fittings for the gas supply line and concrete floor sealer.

The estimated \$2, 000 cost is related to the finishing of the building once it is installed, finishing items that the installers don't do and then reinstalling the water distribution system piping, chlorine supply lines, insulation, required DEP items such as the chlorine eye wash station, first aid kit, and installing the mounting hardware so that the electricians can install the electronic components.

On behalf of the utility,

Mike Smallridge
