Re: **Docket 20200226-SU**

To Whom It May Concern:

I am a property owner within the proposed service area for Environmental Utilities, LLC's (EU) application to provide wastewater service. I reside at 50 Gasparilla Way.

I am writing to you to object and oppose the Application for Certificate of Authorization and Initial Rates and Charges for Wastewater Service submitted by Environmental Utilities, LLC.

1. The need for service in the proposed service area has not been definitively demonstrated.
2. It is not in the public interest for EU to provide wastewater service in this territory.
3. The application has not demonstrated financial or technical ability to provide service.
4. The proposed service area is already in the Charlotte County certificated utility area, indicating that there is no need for EU to provide wastewater service.

I am formally requesting an administrative hearing by the Public Service Commission for this application by EU. And to become an intervenor.

Thank you for your time and consideration.

Yours truly,

Linda Cotherman
