Re: Lift Station Repairs, Utilities Inc.

Dear Bryan Gongre,

We are pleased to provide this PROPOSAL for the Central Florida Liftstations, Inc. SCOPE OF WORK, for the project stated above. We propose to furnish and install all necessary materials, labor and equipment for the completion of the installation of lift station for this project. All labor and materials are guaranteed to be as specified and the work to be performed in accordance with the drawings and specifications submitted and completed in a substantial workman-like manner. Proposal is based on providing merit shop craftsmen working a 40-hour work week, Monday through Friday between the hours of 8:00 AM to 4:00 PM.

### SCOPE OF WORK

**Central Florida Liftstations, Inc. proposes to complete the following scope of work:**

-Job bid per plans and specifications provided to us by your office and as they pertain to this scope of work.

- In the event of a conflict or ambiguity between the plans, specifications or other documents relating to Central Florida Liftstations' obligations under this proposal, this proposal shall take precedence and be controlling, as follows:

- Corrective action items 1 and 2 on 22 lift stations per email correspondences dated 5/19 and 6/2 along with the excel spreadsheet provided by Utilities Inc.

**PRICE FOR THIS WORK PER SPECIFICATIONS .....\$ 432,850.00**

**Adder for new electrical rack: \$ 2,640.00/each plus bypassing if necessary \$ 3,200.00/each**

**Adder for 4" line stop: \$ 3,470.00/each**

**(2) → Adder for 6" line stop: \$ 4,025.00/each**

→ \$440,900.00

**Adder for replacing 6" piping out back of valve box at L-6 and H-04: \$ 11,260.00/each**

Any changes may affect pricing.  
Additional work will be billed separately.  
Full payment will be due upon completion.

---

**CLARIFICATIONS & EXCLUSIONS**

---

- L-06 would need line stop if choosing to replace piping out back of valve box.
- New rack in most situations would need to go in same exact space as current rack due to site restraints. Bypassing would be required to take down existing rack and install new rack.
- All existing gear is to remain. When mounting the new panel, if the existing strut or posts fail due to deteriorating condition, Utilities Inc. will be responsible for any additional labor and materials charges to make the electrical safe for use.

Items Excluded from This Proposal

1. Water, Water Meters, Water Fees, water service and connection to force main.
2. Pumps, panel, RTU, rock, fence & driveway.
3. Payment Bond & Material and Labor Performance Bond are not included.
4. No well pointing, sheet piling, dig boxes or dewatering.

---

We trust that you will find this proposal to be both attractive and responsive to your needs. If you should have any questions or comments please contact myself at (407) 575-0893 or email me at [Scott@CFLiftstations.com](mailto:Scott@CFLiftstations.com).

Respectfully yours,

Scott Gingerich  
Central Florida Liftstations, Inc.

---

**ACCEPTANCE**

---

**This Proposal is in effect for 90 days from the date noted above. We reserve the right to resubmit, amend and or withdraw this proposal based upon our review of the final working construction drawings.**

**To authorize the work, please sign below and return the signed copy to us. When authorized, we will begin work as soon as weather and previous commitments permit, and/or when a mutually acceptable time is established.**

**Acceptance of this proposal indicates the costs stated in this proposal, specifications, and conditions are satisfactory and are hereby accepted. Payment will be per terms listed above.**

Authorized Signature: Bryant B.
