Thanks for allowing us to quote your fence project! Below is your quote per your request. If you need any changes to this quote, would like to price out a different fence style or anytime you have any questions, simply reply to this email or call anytime. My contact info is below.

Our Heavy Duty Simulated Stone Fence adds actual value to your property as it is backed by our industry leading 30 year Warranty. It will not rot, discolor, fade out, crack, peel chip, or flake. Simulated Stone is an amazing fence that looks like a true rock or masonry wall, and is extremely strong! Our Simulated Stone Fence is rated as sound wall and is graffiti resistant. Our fence panels look the same on both sides and will not lose its color over time.

This is very easy to install since we ship it out pre-built. You simply set the posts in the ground and attach our fence! We specialize in using this for commercial projects for DOT, Federal Highway programs, Corporate America from McDonalds to Harley Davidson, to residential projects throughout USA.
