**Re: Docket No. 20210013-TX – In re: Application for designation as an eligible telecommunications carrier to receive rural digital opportunity fund auction (Auction 904) support for voice and broadband services and request for expedited consideration, by Bright House Networks Information Services (Florida), LLC.**

Dear Mr. Teitzman:

Bright House Networks Information Services (Florida), LLC (“Charter”) respectfully submits this Letter to formally request that the Florida Public Service Commission (“Commission”) defer its consideration of Commission Staff’s recommendation in the above-referenced Docket (Item 6 on the March 2, 2021 Agenda) to the April 1, 2021 Agenda Conference.

Charter is in the process of preparing additional information for the Commission’s review and consideration regarding the census blocks identified in its Application. Charter anticipates being able to provide such information to the Commission on or before March 10, 2021. As a result, Charter respectfully seeks a deferral of this item in order to allow Charter additional time to supplement its Application in this proceeding.

Accordingly, we ask that you accept this letter as Charter’s request for deferral of this
