**Re: Docket No. 20200230-WU - Application for staff-assisted rate case in Manatee County by Sunny Shores Utilities, LLC.**

Dear Commission Clerk:

The following is the company's response to Staff's second data request for the above docket file.

On behalf of the company,

Mike Smallridge.

1. **Excess Unaccounted for Water:** In order to calculate excess unaccounted for water, for each month of the test year, please provide the amount of water purchased by the Utility, the amount of water used for flushing, and the amount of water used for any other Utility purposes. As part of you response, please complete the table below.

Month	Purchased Water	Flushing	Other Utility Uses
July 2019	858,000	1,000	
August 2019	794,000	1,000	
September 2019	777,000	1,000	
October 2019	720,000	1,000	
November 2019	758,000	1,000	
December 2019	911,000	1,000	
January 2020	911,000	1,000	
February 2020	882,000	1,000	
March 2020	830,000	1,000	
April 2020	876,000	1,000	
May 2020	849,000	1,000	
June 2020	776,000	1,000	
<b>Total</b>	<b>9,942,000</b>	<b>12,000</b>	

2. Please specify how the Utility calculated the amount of water used for flushing and other Utility purposes.

Company response- I imputed 1,000 gallons per month as an estimate of water used for flushing and water testing samples. The utility does very little water flushing and at different locations so we do not meter the flushing. Water testing is done at 3 locations and is not metered.

3. **Service Territory:** For the Utility's service territory, please provide the number of lots for each of the following categories:
  - a. The total number of lots in the Utility's service territory.-270
  - b. The number of lots the Utility is currently serving.-264
  - c. The number of vacant lots in the Utility's service territory.-4
  - d. The number of double lots in the Utility's service territory.-2
  - e. The number of lots the Utility is unable to serve, and an explanation as to why this is the case.- none.
