RULE NO: RULE TITLE:

25-30.460: Application for Miscellaneous Service Charges

PURPOSE AND EFFECT: To add clarity and specificity to rule language and to update the rule to address the various miscellaneous service charges.

Docket No. 20200240-WS

SUMMARY: The rule identifies and defines the various miscellaneous service charges for which water and wastewater utilities may request the Commission's approval and addresses how the utilities may assess these charges.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the agency. The SERC examined the factors required by Section 120.541(2), FS, and concluded that the rule amendment will not have an adverse impact on economic growth, business competitiveness, or small business, that it will not likely result in increased transactional costs to utilities required to comply with the rule, and that it is likely to result in cost reductions and administrative efficiencies.

The agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: based upon the information contained in the SERC.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
