In re: Petition by Florida Power & Light
Company for Rate Unification and for Base
Rate Increase

Docket No. 20210015-EI

Filed: June 14, 2021

**FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR CONFIDENTIAL
CLASSIFICATION OF CERTAIN INFORMATION PROVIDED IN ITS
RESPONSES TO VOTE SOLAR'S SECOND REQUEST FOR
PRODUCTION OF DOCUMENTS NOS. 61 AND 76**

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") requests confidential classification of certain information provided in its responses to The CLEO Institute and Vote Solar's ("Vote Solar") Second Request for Production of Documents Nos. 61 and 76 (the "Confidential Information"). In support of its Request, FPL states as follows:

1. FPL served responses to Vote Solar's Second Request for Production of Documents Nos. 61 and 76, on June 14, 2021. This request is being filed contemporaneously with service of those responses to request confidential classification of certain information contained in FPL's response to Vote Solar's Second Request for Production of Documents Nos. 61 and 76, consistent with Rule 25-22.006, Florida Administrative Code.

2. The following exhibits are included with and made a part of this request:

a. Exhibit A consists of a copy of the confidential material on which all the information that FPL asserts is entitled to confidential treatment has been highlighted. Some attachments to FPL's responses to Vote Solar's Second Request for Production of Documents, Nos. 61 and 76 are voluminous and confidential in their entirety, and they are being provided electronically on disc.

b. Exhibit B consists of a copy of the confidential documents, on which all the information that is entitled to confidential treatment under Florida law has been redacted. For the

documents that are confidential in their entirety, FPL has included only identifying cover pages in Exhibit B.

c. Exhibit C is a table that identifies by column and line the information for which confidential treatment is being sought and references the specific statutory basis for the claim of confidentiality. Exhibit C also identifies the declarants who support the requested classification.

d. Exhibit D contains the declarations of the individuals who support the requested classification.

3. The Confidential Information is intended to be and has been treated by FPL as private, its confidentiality has been maintained, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, Fla. Stat., such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

4. As described in the declarations included as Exhibit D, the Confidential Information consists of information relating to competitive interests, the disclosure of which would impair the competitive business of FPL, as well as information bids or other contractual data, the disclosure of which would impair the efforts of FPL to contract for goods or services on favorable terms. Specifically, some information consists of system load projections, and other information contains vendor bids for construction projects. This information is protected by Section 366.093(3) (d) and (e), Fla. Stat.

5. Upon a finding by the Commission that the Confidential Information is proprietary confidential business information, the information should not be declassified for a period of at least eighteen (18) months and should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business. See § 399.093(4), Fla. Stat.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials and declarations included herewith, FPL respectfully requests that its Request for Confidential Classification be granted.

Respectfully submitted,

FLORIDA POWER & LIGHT COMPANY

DECLARATION OF MATTHEW VALLE

1. My name is Matthew Valle. I am currently employed by Florida Power & Light Company ("FPL") as Vice President of Development. I have personal knowledge of the matters stated in this written declaration.

2. I have reviewed the documents referenced and incorporated in FPL's Request for Confidential Classification, specifically the materials provided in my response Vote Solar's Second Request for Production of Documents, No. 76. The documents or materials that I have reviewed and which are proprietary confidential business information concerning bids or other contractual data the disclosure of which would impair the efforts of FPL to contract for goods or services on favorable terms. Specifically, the information contains vendor bids for construction projects. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Under penalties of perjury, I declare that I have read the foregoing declaration and that the facts stated in it are true to the best of my knowledge and belief.

Matthew Valle
