Good Afternoon,

We will be placing your comments below in consumer correspondence in Docket No. 20210015-EI and forwarding your comments to the Office of Consumer Assistance and Outreach.

Sincerely,

Brian Schultz

Commission Deputy Clerk II
Florida Public Service Commission

Subject: Stop Rubber Stamping FPL Requests!

Dear Commissioner

Florida Power & Light is asking for the largest single rate hike in Florida history at a time when consumers are facing an increased cost of goods and services as we recover from the economic downturn caused by COVID-19. Increasing the cost of electricity is something you, the Public Service Commission, can control. I am barely making it on a pension right now and as I age, it is harder and harder to make ends meet. FPL and Gulf Power are keeping their profits and performing infrastructure upgrades with these increases. I realize that we need to share the burden. FPL and Gulf Power do not want to share in those expenses. They just want the patrons to foot the bill. That seems unconscionable to me. Please act on this filing by amendment or by declining it entirely.

It is unconscionable to think that we should have to pay more for our electric service at a time like this. Rubber stamping an all-time high return on equity of 11.5 percent goes against helping struggling Floridians. Putting people over profits should come first.

Now is not the time to give FPL what it wants; let's keep the public in Public Service Commission!

Thank you,

GEORGE GRISINGER
