Dear Commissioner

Docket No. 20210015-EI

As a Senior Citizen on a fixed income, and a FPL customer, I believe that the latest FPL rate increase request should NOT be supported. It is unconscionable to think that we should have to pay more for our electric service at a time like this.

Rubber stamping an all-time high return on equity of 11.5 percent goes against helping struggling Floridians.

Putting people over profits should come first.

Now is not the time to give FPL what it wants; let's keep the public in Public Service Commission!

Thank you,

Joan Schneider
