**Subject:** Stop Rubber Stamping FPL Requests!

Dear Commissioner

Florida Power & Light is asking for the largest single rate hike in Florida history at a time when consumers are facing an increased cost of goods and services as we recover from the economic downturn caused by COVID-19. Increasing the cost of electricity is something you, the Public Service Commission, can control.

It is unconscionable to think that we should have to pay more for our electric service at a time like this. Rubber stamping an all-time high return on equity of 11.5 percent goes against helping struggling Floridians. Putting people over profits should come first.

Now is not the time to give FPL what it wants; let's keep the public in Public Service Commission!

Serious consideration should be given to a decision such as this. Rates are reasonable right

now and I am a big fan of the work FPL does to keep rates down

What happened to make it suddenly okay to ask for additional billions in revenue....Nothing

PLEASE FLAT-OUT DENY THIS RIDICULOUS REQUEST

Thank you,

george talbot
