Dear Commissioner

FPL is asking for a rate hike. Please consider that a lot of us in Florida are retired folk who don't get raises.

I know that products are rising in cost but we as Social Security recipients are not given the same consideration. For the most part our 'golden years' are giving the 'gold' we've worked hard for to the large companies, medical care and a host of other things that are becoming harder to afford.

Thank you for taking the time to read this. I know you're busy and receive many emails.

Sincerely,
Marilyn Baxter
