**Subject:** Stop Rubber Stamping FPL Requests!

Dear Commissioner

Florida Power & Light is asking for the largest single rate hike in Florida history at a time when consumers are facing an increased cost of goods and services as we recover from the economic downturn caused by COVID-19. Increasing the cost of electricity is something you, the Public Service Commission, can control. We are retirees and do not have unlimited resources to deal with the large increases in homeowners and health insurance and other price increases. The return FPL is promising to investors is excessive - I certainly wish my Social Security benefits would see that type of increase! Please deny their request submitted in Docket # 20210015EI

Thank you,  
Carol Laymon  
5704 Spanish River Rd.  
Fort Pierce, FL 34951

It is unconscionable to think that we should have to pay more for our electric service at a time like this. Rubber stamping an all-time high return on equity of 11.5 percent goes against helping struggling Floridians. Putting people over profits should come first.

Now is not the time to give FPL what it wants; let's keep the public in Public Service Commission!

Thank you,

Robert Laymon
