Re: FPL raising rates
Docket # 20210015-E1

My husband and I are very upset hearing that FPL may raise their rates. Their rates are way too high to begin with. I am 78 and my husband is almost 81. We cannot afford this even as it is now. I have had to take several late payments as it is. Your assistance program does not do Boynton Beach as I have called previously. You are taking advantage of older people. Even the house and car insurance is too high for us. Seniors should have lower costs. CPPL makes enough money.

Thus please consider lowering bills for seniors - certainly not them.
