I am writing to express my displeasure over FPL's request for a Two Billion Dollar base rate increase over the next four years, which would increase the average bill by 18%.

This increase is outrageous, particularly for those on fixed incomes.

Thank you for your consideration.

Comments:

Please DENY FPL's rate increase request. The USA has more clean burning, cheap natural gas than any country in the world. FPL has rapid access to all of this basic infrastructure.

Dear Commission Members:

Our family is adamantly opposed to the proposed 20% FPL rate increase over the next 4 years. It is outlandish to propose this when CEO Silagy makes almost \$7.3 million to run this monopoly. Demand these fat cats take a salary reduction before you saddle the rest of us with this unjustified increase!
