Subject: Florida Power and Light price increase

Please tell me we are NOT looking to solar and wind like California and Texas who are experiencing rolling brown outs. No to increase UNLESS it is to upgrade the grid to protect us from sabotage like EMP.

RE: FPSC Inquiry 1372274C

Dear Ms. Owens:

The Governor's office forwarded a copy of your email regarding Florida Power & Light Company (FPL) to the Florida Public Service Commission (PSC). The PSC regulates investor-owned electric, and natural gas utilities throughout the state, and investor-owned water and wastewater utilities in those counties which have opted to transfer jurisdiction to the PSC. The PSC has authority in the telephone industry which is limited to the Lifeline Assistance Program, Florida Relay Service, and pay telephone service. We appreciate the opportunity to respond directly to you.

We will add your feedback to Docket No. 20210015, regarding FPL's Petition for a rate increase. You may review all the information filed with the Florida Public Service Commission by accessing our website at <http://www.floridapsc.com>. Tap on the section for Clerk's Office, then Dockets and type in Docket No. 20210015 (just the number). Once you reach the Docket, tap on Document Filings Index to view all the information filed by the utilities and other parties in this Docket, as well as any action the FPSC has taken on this matter.

If you have any questions or concerns please contact Ellen Plendl at 1-800-342-3552 or by fax at 1-800-511-0809.

Sincerely,

Shonna McCray
Regulatory Program Administrator
Florida Public Service Commission
