To: <clerk@psc.state.fl.gov>

Please see attached Comment Form on my opinion on the proposed FPL rate increase. Thank you for your consideration and fair judgement for the hardship many working Floridians have been through in the last year.

NextEra Energy, Inc. (NEE) is a holding company. The Company is an electric power companies in North America and, through its subsidiary NextEra Energy Resources, LLC (NEER) and its affiliated entities, is the generator of renewable energy from the wind and sun. NEE also owns and/or operates generation, transmission and distribution facilities to support its services to retail and wholesale customers, and has investments in gas infrastructure assets. Its segments include FPL and NEER. Florida Power & Light Company (FPL) is a rate-regulated electric utility engaged primarily in the generation, transmission, distribution and sale of electric energy in Florida. NEER is a diversified clean energy company with a business strategy that emphasizes the development, acquisition and operation of long-term contracted assets with a focus on renewable projects. NEE allows NEER to help customers identify economic operational and pathways for fleet

Petition for increase in rates by

Florida Power & Light Company

DOCKET NO. 20210015-EI

CONSUMER COMMENTS

I am a 30 year customer of FPL and I disagree with the proposed FPL Rate Increase. FPL Stock is traded through ticker symbol NEE (Next Era Energy) and has been steadily increased 75% in the last 5 years. In the last 1 year, while the stock has NOT increased as much as previous 4 years, the stock is increasing in value vs. decreasing. The Market Capitalization of NEE is close to \$150 Billion. While NEE has been negatively affected by the COVID Pandemic, my bills have decreased very little. While many other Floridians FPL costs have probably been decreased, the application to have FPL Bill decreased due to economic hardship is NOT easy and NOT automatic. FPL parent company NEE should have to show significant economic distress for many quarter reporting periods to justify any increase in rates.
