Dear Public Service Commission,
Do not raise rates, I implore you.

I am involved in justice work that is faith based and have access to people from 23 faith based congregations throughout Broward County. I tell you that our community is suffering from the economic fall out and emotional toll of trying to live through a pandemic.

We live in the Sunshine State. To not have our energy needs based on the sun and other renewable resources is very ill advised. To continue to invest in the fossil fuel industry does not serve the common good. Climate solutions are to be our focus during this critical time.

Please consider my plea as a Florida resident since 1957

Sincerely, Carrie Roach Sunrise , FL 33326
