Subject: Rate increase

Dear Sir,

We are retired seniors living on a fixed income. We live in a 2100 square foot home. Our monthly FPL utility bill is getting higher and higher and will soon be out of sight. We have worked hard all our lives, my husband served our country for 26 years, and we expected to be comfortable in retirement. Comfortable now, means sleeping, food on the table, taking walks, and trips to Publix, Costco, and church. Comfortable, yes...extravagant....no. Our July 2021 FPL bill was 292.76, and with various taxes, 314.82; Last year, using more kilowatt hours, the same amount of service days, our bill was 243.84. I can actually see this bill becoming higher than our mortgage payment!!!! Please do not approve a rate increase. You'll be sending us to the FOOD BANK!!!! Thank you for addressing my concerns.
